Phaser® 3600
Laser Printer

Target Markets

The Phaser 3600 laser printer brings superior performance to single users and small workgroups that need a monochrome printer and who plan on printing up to 8,000 pages per month.

With advanced features typically found on higher priced laser printers, the Phaser 3600 delivers big value in a small size that fits nicely on most desktops.

Selling Points

The power to please

- Fast printing performance at up to 40 ppm delivers plenty of speed for single users and small workgroups
- A first-page-out time as fast as 9 seconds means you spend less time waiting for print jobs and more time staying productive
- A robust 400 MHz processor takes care of whatever comes its way — even multipage jobs loaded with graphics
- With network printing (standard on the N and DN configurations) the Phaser 3600 laser printer helps more users get more work done
- Secure Print (N and DN configurations) keeps a private print job in the queue until released by the job owner
- RAM collation speeds up large, multipage print jobs by only having to process once before outputting multiple sets

Unbeatable value

- The Phaser 3600 printer delivers best-in-class performance, value, feature set and ease-off-use
- With a standard paper capacity of 600 sheets and maximum paper capacity of 1,100 sheets, the Phaser 3600 can grow alongside your business
- Affordability comes standard, with a low cost per page and helpful, cost-saving features like toner-save and energy-save modes, plus available automatic two-sided printing and N-up printing for more efficient paper usage
- We stand behind our promise of outstanding reliability and performance with a standard one-year warranty plus the exclusive Xerox Total Satisfaction Guarantee
